

A Stoker's Revenge!

Time and time again
she hears the same refrain,
“Do yer know she’s not pedllin’ at’back?!”

It’s usually some bloke
who thinks it quite a joke
to give the lass some flack.

The first time made her smile,
but after quite a while
She started to grow weary.

This repetitious wit
from some obnoxious twit
became a trifle dreary.

Others holler quips
renowned of PG Tips
like, “Can yer ride tandem?”

Comparisons with apes
and other playful japes,
by God she just can’t stand ‘em.

Some youth out on a jaunt
will throw at them the taunt,
“Geroff an’ milk it, mate!”

Her Captain doesn’t flicker,
despite the young lad’s snicker.
He won’t rise to the bait.

But being somewhat older,
she’s perhaps a little bolder,
and not scared of a spat

With vocabulary spectacular
she stoops to the vernacular
“Sod off you little prat!”
